PERSONAL PROFILE

A highly enthusiastic person with Bachelor's degree in Computer Engineering and experience in programming, logical thinking and designing. Skilled in designing, developing and testing multiple web-based applications incorporating a range of technologies.

WORK EXPERIENCES

1. Frontend Developer

Caffeine Tech

June, 2023 - November, 2023.

Responsibility:

- I worked at the Caffeine Tech company, where I was involved in creating an E-commerce Project.
- Collaborated with cross-functional teams to design and develop web applications, ensuring they met user requirements.
- Developed and maintained clean, maintainable, and efficient code using HTML, Tailwind CSS, and JavaScript, TypeScript.
- Utilized Frontend Frameworks (e.g., NextJS) to build interactive and dynamic user interfaces.
- Conducted regular code reviews and collaborated with team members to maintain code quality and consistency.
- I have experience working on API integration.

2. Frontend Developer

Okay Journey Company

OCT, 2022 - MAY, 2023

Responsibility:

- I worked at the Okay Journey company, where I was involved in creating a traveling website similar to Bussewa.
- Collaborated with cross-functional teams to design and develop web applications, ensuring they met user requirements.
- Developed and maintained clean, maintainable, and efficient code using HTML, CSS, and JavaScript.
- Utilized Frontend Frameworks (e.g., React) to build interactive and dynamic user interfaces.
- Conducted regular code reviews and collaborated with team members to maintain code quality and consistency.

COMPETENCIES

- Leadership
- Good communication and presentation skills
- Logical Thinking
- Time Management
